Part 2: Associated Ancestral Families

Austin Family (Kent ca.1700-1900)

Related by marriage to John Ford – See Part 1.4

Although I have shown the wife of John Austin (generation 2) as Sarah Tomsett, I have identified an alternative marriage to a Sarah Turner in 1801. This may be his second marriage or, given that there are several possible matches for John's baptism (assuming that he was born in Wye), a different John. Whilst I am reasonably certain that John is the son of John and Ann, I still search for confirmation either way.

Whichever marriage may be correct, there is a considerable time lapse between marriage and the first identified child which, as yet, I am unable to account for.
