Preface

The purpose of this document is to bring together information relating to the Bagwell surname, occurring on the Isle of Wight and elsewhere in Hampshire prior to 1900, which are not related to myself. In achieving this objective it also illustrates the ancestry of spouses marrying into those Bagwell families.

This narrative is produced in two formats, private and public.

The Public Edit has been separated into four sections. See “Using the Narratives” below for more information. Only basic information is provided within the public edit in order to identify individuals and key life events, typically: birth, baptism, marriage, death, burial and occasional observations regarding the same. In this way each narrative should provide signposting for fellow researchers, without detracting from the joy of discovering their ancestors for themselves.

Private edits are restricted to close family and selected researchers, and contain substantially more detailed information.

Acknowledgements

Every snippet of information, no matter how seemingly inconsequential is a new piece in a perpetual jigsaw. I am most grateful to everyone who has contributed material for my research project over the past 20 years, some of who have now entered into the long sleep, but whose memories live on in this document. Particular warm thanks are extended to Hilary Ricco, Rob Tausk and Ted Redstone.

Using the Narratives

Each narrative is a live document, with periodic updates being made to individual generations and family groups. As a consequence the reader might find some inconsistencies between linked family trees. You should refer to page 1 of this narrative for the edition date, and individual generation or family groups for revision dates. Please delete or destroy all previous editions of this narrative as they are now outdated and may contain errors and inconsistencies.

Narratives are organised into four parts:

Part 1 illustrates Bagwell families on the Isle of Wight;

Part 2 lists other families associated by marriage;

Part 3 illustrates other Bagwell families connected with Portsmouth and its surrounding area; and

Part 4 lists other families associated with those families detailed in Part 3.

Navigation through this document can be achieved through the use of the table of contents and embedded bookmarks for each of the four parts. You can also use the find (Ctrl + F keys) to search for specific information.

Whilst every effort is made to ensure the accuracy of this document, it can not be guaranteed error free. To submit any corrections, or indeed share additional information about a common ancestor, please use the Bagwell Genealogy contact me page.

Family Identification

Inter-familial relationships are one area of interest to me, as part of my wider research. Each family within my research has been assigned an alpha-numeric number for ease of identification, and searching within the narrative documents.

I have attempted to restrict the mapping of all families to a basic structure.

Each individual has an allocated Unique Reference Number (URN) and, whilst these are not usually referred to within any published documents outside of my database, they do form the basis of further family identification.

Every individual or direct family unit (parents and siblings) where known, are identified by a Family Group (FG) reference. Where two or more family units are known they are collectively given a Family Identifier (FID).

Although the family group may be referred to within the narrative, the absence of any further information indicates that I currently have no information to publish. Spousal surnames in brackets indicate those persons for whom I have not yet identified their pre-marital names. In these instances a family number has not been allocated.

For reasons unknown to myself at this present time, it is inadvisable to attempt a web site search for a family reference alone, as most search engines fail to produce satisfactory search results. The reader will find further information regarding family identification within the Surname Index available on my web site.

3.5 Peter Bagwell (ca.1792-1839) m. Mary Ann White - Lancashire

This family group has intrigued me for over 10 years. Firstly, in pursuit of the ancestry of Francis Robert Bagwell (Portsmouth born) it would appear that his father William might not have been a Bagwell, due to his apparent birth 4 years after the death of his "father" Peter. Secondly, having delved into the origins of Peter, who simply turns up in Lancashire at some time before 1828, it has become evident that he might be the son of Joseph Bagwell and Elizabeth Melven (See Part 3.3). This link is still speculative and subject to investigation.
